Who I Am

I'm an Alaskan entrepreneur who is now based in Charlotte, NC with a background in building and scaling small businesses. I'm not a broker, private equity firm, or flipper—I'm looking to acquire and operate great businesses and carry them forward with care, continuity, and purpose.

What I'm looking for

- Location: Southeast
- SDE: Up to \$1M
- Industry: Recession-resistant sectors (e.g. home services, light industrial, B2B)
- Owner Involvement: Ranges from fully owner-operated to absentee
- Transition Timeline: 0-3 years

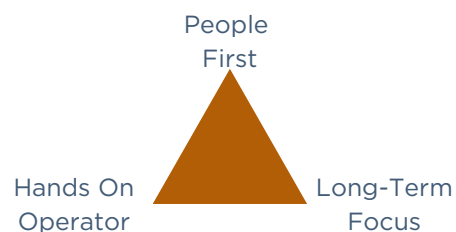

"A business is more than financials—it's people, relationships, and reputation.

My goal is to carry your work forward, not erase it."

What I bring to the table

- 15+ years in high-growth SMBs
- Committed private capital
- Built 7 departments from scratch
- Led marketing, ops, finance, sales and revenue ops teams
- Experience in streamlining operations, improving customer acquisition, maximizing profitability and expanding into new markets
- Former small business owner & seller

My Values

- People-first, not private equity
- Focused on legacy, not short-term profit
- No brokers, no pressure
- Hands-on operator, not absentee owner
